NO HUMBUG!! THE undersigned have purchased the Patent right of DOUBLE ACTING BALL VALVE Force and Lift Pump. For the States of Tennessee, North Carolina, South Carolina, Georgia, Florida, Alabama, Mississippi and Louisiana. We have tested the Pump in all its recommended uses for ordi-nary purposes—in wells, and as fire engines; and hesitate

not to say that it is superior to any pump now in use. It is shople and plain in its construction; can be taken to pieces or put together by any ordinary man, black or white, in half a minute. There is not a screw or holt about the pump; there s the least imaginable friction-hence its durability. It is denset impossible for it to get out of fix by usage. When used for a well or cistern it can be converted into a Fire Engine in one minute, and by one man water can be thrown over the tollest houses in the country. It is invaluble as a Fire Engine, and especially in the country or counry towns, It is equally well adapted to all machinery, Railroad Tanks. to., and will, when known, superscede all other pumps. It can be used for either hot or cold water. Having fully satisfied ourselves us to the capacity, value and utility of the Pump, we are ready to make sairs of the above territory by countles or States, (except the Western District of this State, which has been sold.)
